EXPERIENCE

NUPAT Technologies, Lekki — Intern (Full Stack Developer)

OCTOBER 2023 - PRESENT

Developed and maintained scalable web applications using HTML, CSS, JavaScript, and React.js for the front end. Designed and implemented RESTful APIs and microservices using Node.js and Express.js for the back end.

EDUCATION

University of Lagos, Akoka Lagos, Nigeria — B.Sc

DECEMBER 2017- JANUARY 2024

Bachelor of Science in Cell Biology and Genetics..

PROJECTS

BookShy — A book website

Built a website that gives you classic Ebooks at the comfort of your fingertips using HTML and CSS. With the option of subscribing to the email newsletter to receive updates, to buy books using Cryptocurrencies.

BluesApp— A real estate web app

Built a web application using react and javascript that gives you classic houses for sale, rent or lease at the comfort of your fingertips. With the option of subscribing to the email newsletter to receive updates, to talk to agents or see recent listings.

Implemented Web APIs: For Authentication and Authorization

Developed a web API using C# with MySQL as the RDBMS, enabling user authentication and role-based authorization by assigning identity roles upon successful login.
